## Tour Schedule:

Monday - Friday  
9:00am - 11:00am  
or  
12:00 noon - 2:00pm

## Exhibit Schedule:

**Spring 2012**

*Seeing  
is  
Believing*

Reflection of Visual Perception:  
Can you always trust  
what you see?

**GEOMETRY**  
*ON A Roll*

Golfing with the conic shapes !

*Seeing  
is  
Believing*

**NEW Exhibits!**

**GEOMETRY**  
*ON A Roll*

Fun while learning is what you will find at the Imaginarium. Our Educational Field Trips can be an exciting extension of your classroom. Seeing is Believing? - our newest exhibit - mirrors the inquiry approach promoted by the National Science Standards with, wouldn't you know, lots of mirrors! Learn by engaging in activities that ask you to reflect on the phenomenon of reflection.

And come see Geometry on a Roll! These new permanent exhibits explore the conic shapes and are made possible by the Matias de Llano Trust, the Guadalupe and Lilia Martinez Foundation, and the Lamar Bruni Vergara Trust. :-)

### Field Trip Facts:

- Admission: \$5.00 per student, up to 75.  
Over 75, \$7 per student. Parents, Chaperones enter for Free
